PODCAST #468: "FOR THE LOVE OF GOD" BY ANDREW RIPP

Bible

Read and re-read the book of Joel. It's only three chapters! You can read the entire thing in one sitting.

Interact

With a highlighter in hand, make observations of the text. Highlight key verses or phrases that jump out at you. Make a note of any questions you need to research later.

Tool

Make a list of the action words God directs at His people in the text. Pray and ask God to speak to your heart as to how you should respond to what you're learning.

Exercise

Share these exercises with a friend. Make intentional time to meet up and compare notes. Trust me; this is a worthwhile exercise -- far more valuable than it is risky.
