PODCAST #469: "HALLELUJAH ANYWAY" BY REND COLLECTIVE

Bible

Read or listen to the entire Book of Job. It may take several days, but it will be worth it to read it all in context. Job is one book where verses are famously taken out of context.

Interact

Remember that the people described were real. There are many places in Job where you get a sense of how he views himself. Job 29 is especially descriptive. Maybe even make note of what you can learn about Job based on how he talks about his own experiences.

Tool

Try reading for a set amount of time rather than a set number of chapters or verses. Challenge yourself to read for a minute longer each time you set the time.

Exercise

Journal your thoughts about Job, but address them to God. For example, rather than "Dear Diary," write it as "Dear God."
