

EPISODE GUIDE

PODCAST #472: "JESUS DOES" BY WE THE KINGDOM

Bible

Read the entire book of Hebrews. Read it several times over several days. Listen to an audio version of it while getting ready for the day, driving, or some other task you need to be hands-free. Try reading in various translations to keep you on your toes.

Interact

When you're ready to sit down and interact with the text, make a list of the things you see Jesus doing. Look for verbs /action words. These may be things he has done in the past, is doing now, or will do.

Tool

Go back and define any words you are unfamiliar with. See where else in Scripture those words are used and in what context. Make note of anything you learned and how it increased your understanding of Christ and His works.

Exercise

Respond to what you've learned about Jesus by following the "let us" instructions scattered throughout Hebrews. Hint: There are three found in Hebrews 10:19-25, and another familiar one in Hebrews 12:1.
