## PODCAST #486: "YOU'VE ALREADY WON" BY SHANE & SHANE

### Bible

Read Paul's letter to the Ephesians. Read it all the way through. Consider reading it in a physical Bible, out loud, repetitively. This process will help you internalize the Scripture.

Now that you've read the letter all the way through, you should have noticed how active God is in the story of our lives. In fact, revisit the text by looking for God's conduct. What actions have Father God, the Son, and the Holy Spirit taken?

### Tool

A go-to tool in your arsenal is to make a list. As you uncover God's actions in the text, create a list of those actions. Sometimes, the action is slightly "hidden." The text may say, "We have redemption through His blood." The action is God redeemed.

Review your list and meditate on the truths you see there. God is not a passive God. He plays an active role as the author of our story. Remember, the ending has already been written. Christ has already won. And in Christ, we, too, are victorious.
